

Akshay Khaire's Project Portfolio

Welcome to my data analyst portfolio! I'm a highly skilled and motivated data analyst with a passion for uncovering insights that drive business growth. With expertise in diverse software tools and a deep understanding of statistics, I help businesses make data-driven decisions.

Skills and Tools

Data Visualization

Create visually appealing dashboards and charts using tools such as Power BI.

Programming

Proficient in SQL, Power-BI, Microsoft Excel and Python.

Projects

ATLIQ HARDWARE SALES ANALYSIS AND FORECASTING USING SQL

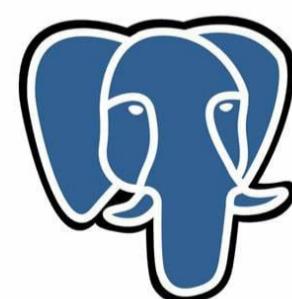

SQL project to analyze sales of AtliQ hardware using MySQL Workbench. ETL (Extract, Transform, Load), created and optimized queries. Acquired expertise in managing tables, views, triggers, and indexes within the MySQL Workbench. Applied advanced data analysis techniques to evaluate key sales metrics, including gross sales, net sales, COGS (Cost of Goods Sold), and gross margin. Conducted thorough comparisons of Forecast Accuracies using fiscal year data to gain comprehensive insights.

ATLIQ HARDWARE SALES ANALYSIS AND FORECASTING USING POWER-BI

Power-BI project to analyze sales of AtliQ hardware using power query, DAX functions, and measures. ETL (Extract, Transform, Load), creating and optimizing dashboards and analysis of sales from each country, subzone, customer, COGS (Cost of Goods Sold), and net sales comparison as per fiscal year. Created Dashboards for Finance, Sales, Marketing, Supply, and Executive metrics.

ATLIQ HARDWARE SALES USING MICROSOFT EXCEL

Microsoft Excel project to analyze sales of AtliQ hardware. ETL (Extract, Transform, Load) and analysis of sales from each country, subzone, customer, top selling and bottom selling products, COGS (Cost of Goods Sold) and net sales comparison as per fiscal year.

Postgre^{SQL}

MUSIC STORE DATA ANALYSIS USING SQL

PostgreSQL project to analyze online music store data. Analysis of Music store data and customer spending on each artist, and genre in each country.

- **Coordination** with the planning and simulation team.
- **Tool reviews** and get approval from customers for the same.

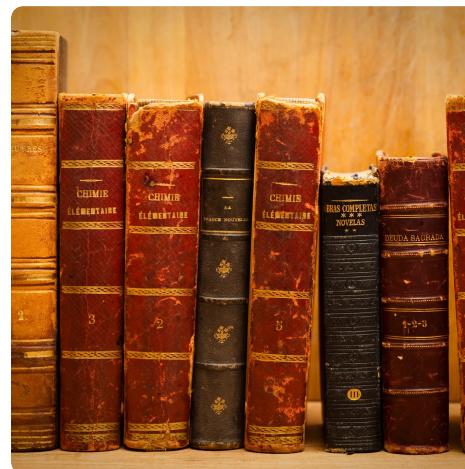

Education and Certifications

B.E. Mechanical Engineering

Zeal Education Society's Dyanganga College of Engineering and Research

About Me

Professional Background

Hello Recruiters, My name is Akshay J. Khaire and I am working as Senior Design Engineer at EDAG Production Solutions Pvt. Ltd from the last 6.5 years.

I have a total of 3.5 years of experience in creating dashboards using Microsoft Excel and Power BI. I have sufficient skills for a full-time job, so I decided to take additional courses to learn about data-related aspects.

Data Analyst Proficiency

I am constantly learning and growing, both personally and skilled in SQL, Microsoft Excel/Google Spreadsheets, Power BI, and DBMS and have done projects in SQL, Power BI, and Microsoft Excel. I have acquired proficiency in data analysis through comprehensive training provided by industry-leading professionals.

Related Work Experience

Currently, I am doing a virtual Internship at AtliQ Technologies.

Tools and Technologies I work with:

- SQL
- Power-BI
- Excel
- Python

My Functional Areas:

- Market Analysis
- Data Visualization
- Dashboarding

Thank You

I'm really excited to begin a full-time job in data analysis and apply my skills to make a positive difference for the company and my employer. I believe in my abilities and enthusiasm to do well in this field, and I'm eager to keep learning. Thank you!

Testimonials

"Akshay is a quick grasping and dynamic personality. We did some projects together. He is always eager to learn and apply new technologies at work. He is always a helping hand in tough and stringent project situations. He is one of those guys whom you would always want in your team."

- Mahesh Pathak, Project Co-Ordinator at EDAG Production Solutions Private Limited

"Technically sound, Fast learner, Sensible towards team, Responsible."

- Aniruddha Patil, Simulation Co-Ordinator at EDAG Production Solutions Private Limited
